WORK EXPERIENCE

Business Intelligence Developer

ES FIELD DELIVERY SPAIN (FDS) - DXC Technology [19 Jun 2023 – 28 Aug 2023]

City: Girona | Country: Spain

I have completed 360 hours of work experience that have allowed me to acquire new knowledge related to databases, such as learning the data integration software platform (ODI), which is used to manage and manipulate relational databases by presenting them graphically. It has also helped me reinforce some knowledge and concepts of the SQL programming language learned during my degree in Computer Engineering.

Private teacher of Mathematics and Physics secondary school

Private teacher [1 Oct 2019 – 1 Oct 2021]

City: Girona | Country: Spain

This work consists of solving doubts in mathematics and physics that the student has through giving theoretical explanations and performing problems.

Internship agreement / "Conveni en pràctiques d'Estada a l'Empresa"

University of Girona [1 Jul 2019 – 12 Jul 2019]

City: Girona | Country: Spain

I did 70 hours of internship at the University to learn everything related to the work that is done in a company. The stay in the company is a voluntary subject in the baccalaureate curriculum with an essentially guiding function that aims to raise students' awareness of the reality of the world of work.

VOLUNTEERING

[13 Jul 2022 – 22 Jul 2022] Strasbourg, France

Urban Agriculture Seminar - Volunteering in Strasbourg – Mobility of youth workers (Erasmus+) & University of Girona (UdG) This volunteering consisted of taking part in a project called Urban agriculture for socio-professional inclusion of disadvantaged Youth. The project was hosted by AMSED and implemented in cooperation with Youth Organization "Human World". A practical seminar organized within the Erasmus+ Program that aims to provide a platform for discussion and exchange on the important issues in European youth work or youth policy. Altogether, 30 people from Algeria, Belgium, Bulgaria, France, Germany, Italy, Morocco, Portugal, Spain, Tunisia, Turkey and Ukraine took part in this project.

[1 Nov 2017 – 30 Dec 2019] Girona

Great collection of food for people in need / "Gran Recapte - Banc dels Aliments de les comarques de Girona"

This is a campaign to collect basic food, so that the most needy people in our vicinity receive food aid.

The volunteer's job is to try to encourage customers who shop at a supermarket to donate food and pick it up, so that it can then be delivered to families in need. I did this work as a volunteer in collaboration with the Montilivi Institute and the Girona Food Bank at the Bon Preu supermarket on Lluís Pericot Avenue (Girona).

SOLIDARITY PROJECTS

[1 Oct 2014 – 30 Oct 2017]

Solidarity kilometers (solidarity race for Save the Children)

I have participated in several Kilometers of Solidarity Races whose objective is to know the problems that many children suffer in the world because of malnutrition, diseases caused by not having access to medicines, etc. It also aims to raise funds through the kilometers made to use them to alleviate these children's problems in countries that need it.

[12 Sep 2012 – 22 Jun 2013]

Friendly Schools of Telefonica Foundation / "Escuelas Amigas"

It is an educational initiative that aims at cultural exchange between students from Latin America with educational deficiencies and Spanish students to encourage knowledge, collaboration and respect between pupils and teachers in schools of different nations. The activities are carried out with the use of technologies linked to Web 2.0 platforms (collaborative pages), in order to achieve an active participation of all the protagonists (children, educators and volunteers).

SUMMER CAMPUS

[1 Jul 2019 – 12 Jul 2019]

Young Research Campus at the University of Girona

The aim is to provide participants with a set of resources that will allow us to enter the world of research.

[25 Jun 2018 – 29 Jun 2018]

Pre-baccalaureate Research Campus

The aim is to offer a set of practical activities that give participants an overview of the research carried out at the University of Girona and at the same time arouse their interest in getting started in the world of research.

HOBBIES AND INTERESTS

Basketball I like the values that team sports bring of companionship, effort, teamwork to achieve a goal, etc. I have been a basketball player in Fontajau CB and Sant Josep CB teams for more than 12 years.

Football Football fan, I have participated in the football competition of University of Girona.

Travel and meet new cultures I like travelling to know customs and ways of life of other peoples and cultures. This makes you more open and respectful of others.

Sailing at sea I like the sea and water sports. I love sailing when I have free time because I got the sailing license 3 years ago.
